SBI Life is one of the leading private life insurance companies, offering a comprehensive range of savings and protection products through a strong distribution network. SBI Life Insurance Company Limited, is a joint venture between State Bank of India (SBI) (currently holds 55.5% stake) and BNP Paribas formed in 2001. SBI Life was the first private sector insurer to achieve breakeven in FY06.

- ❖ The life insurance industry in India has relatively low penetration of 3.2% (Premium as a % of GDP) as compared to other parts of the world.
- ❖ India is one of the fastest growing insurance markets in the world. It is the 9th largest country globally in terms of life premium volume and is expected to be 5th largest by 2032.
- ❖ Being the market leader in insurance sector with a 22.8% individual rated premium market share in FY25, it is going to benefit the most with this change. Favorable demographics, increasing customer awareness about financial products, and the strong distribution network of its parent SBI should aid a strong performance for the company.
- ❖ Being part of SBI group, it has vast opportunity to tap the group's large distribution network of 24000+ branches. It has tapped around 2% of the SBIs clients and hence potential for growth is long.
- ❖ Company's Cost ratio has improved from 15.5 % in FY14 to 10.6% in FY26 lowest among peers.

	FY25	FY26	FY27E	FY28E
Net Premium	84060	99956	114080	130150
PAT	2413	2470	2900	3460
AUM	448040	487200	585550	693020
VNB	5950	6670	7740	8960
VNB Margin	27.8%	27.5%	28.0%	28.5%
EV	70250	80790	95334	112065
RoEV (%)	20.6%	15.0%	17.6%	17.5%
P/EV (x)	2.2	2.2	2.0	1.6

Notes:

It has comfortable Solvency ratio of 2.25

Apart from SBI, it has 12500 plus other banks partner branches selling its products.

Life insurance is expected to see strong recovery post pandemic.

TVS MOTOR is the third largest 2-wheeler company in India and also the second largest exporter in India with exports to over 60 countries. Company has footprints globally, including geographies like Middle East, Africa, SE Asia, Indian subcontinent, Latin & Central America.

- ❖ TVSMOTOR is continuously launching new products in premium segment and also upgrading existing portfolio. Which resulted in 360 bps market share expansion over FY18-26 and current market share stands at 17.8%.
- ❖ It has taken various cost saving initiatives such as reducing vehicle weights, logistics cost and multiple vendor sourcing, which resulted in consistent margin improvement. Margin profile is expected to improve further based on declining commodity prices and operating leverage benefit.
- ❖ The company has also made strong inroads in export markets as its share has doubled to 27.5% over FY15-26. The management is expanding footprints in Europe, Central America in addition to its existing strong markets Africa, ASEAN and Latin America.
- ❖ It has strong leadership position in 2W EV space with its brand i-Qube having 20% market share. The company has production capacity of 50000 units per annum for EVs.

	FY25	FY26	FY27E	FY28E
Net Sales	36251	47270	56227	65241
EBITDA	4454	6079	7422	8808
PAT	2711	3615	4672	5648
ROE (%)	27.3%	32.2%	31.0%	28.7%
EV/S (X)	3.0	3.2	2.8	2.4
P/E (X)	40.0	41.9	33.5	27.7
EV/EBITDA (X)	24.5	25.2	21.3	17.7

Notes:

Expansion in scooter category will help in increasing 32-35% market share to 38-40% going forward.

European e-bike operations are being consolidated to improve synergies and move toward breakeven. Norton is set to roll out new premium models in FY26, with an India launch planned for FY27.

Company has currently 700+ touch points for EV & expects this to further expand going ahead.

CAMS is India's largest Registrar and Transfer Agent (RTA) of mutual funds with an aggregate market share of approximately 70%. It provides technology driven financial infrastructure & services to MFs and other financial institutions. It has consistently operated with high (>30%) margins. During 4QFY26, AuM serviced funds was at historical high of Rs. 55.1 lakh Cr with Lifetime high in Transactions of 293 Mn.

- ❖ The MF Industry's AUM has grown from ₹ 27.74 trillion as on Sep 30, 2020 to ₹81.5 trillion as on Mar 31, 2026, approx. 3 fold increase in a span of 6 years and is expected to maintain the growth going forward.
- ❖ MF RTA business was at around Rs 65.3 Bn in FY25 with CAMS holding 67.5% market share. Management expect to maintain the market share in MF segment with continued leadership in alternative investment fund (AIF) and KYC businesses.
- ❖ Company service all top 5 MFs and 10 of the 15 largest MFs with 19 years average relationship with 10 largest MF clients.
- ❖ In long run EBITDA margin is expected to be in range of 40%.
- ❖ For FY27 Yield compression in MF business is expected to remain contained below 3%, better than historical trends
- ❖ Revenue from Non- MF segment is expected to grow by more than 20% over the next few years with ~20% EBITDA Margin.

	FY25	FY26	FY27E	FY28E
Net Sales	1422	1516	1748	2023
EBITDA	652	685	813	961
PAT	465	473	562	668
ROE (%)	41.5%	35.8%	39.1%	40.3%
EV/S (X)	12.4	9.7	10.8	9.2
P/E (X)	39.5	32.8	35.1	29.6
EV/EBITDA (X)	27.1	21.4	23.1	19.3

Notes:

CAMS negotiates pricing terms periodically, so if Larger clients is aggressive in reducing prices as AUM increases, than the yield compression would be more than our expectation.

Management expects a potential reduction in headcount in FY27 as automation gains momentum.

ICICI Bank is the 2nd largest private bank in India with the total assets base of Rs 23725.31 Bn as on 31st Mar 2026. It offers a wide range of banking products and financial services for corporate and retail customers through a variety of delivery channels and specialized subsidiaries in the areas of investment banking, life, non-life insurance, venture capital and asset management. The bank has a network of 7,511 branches and 12087 ATMs across India.

- ❖ Credit Penetration in India is low at 62% vs developed economies like US, China, Singapore and Hong Kong of 121%, 147%, 316% and 314% respectively.
- ❖ Private Banks is gaining market share due to the consolidation happening in the PSU banks. ICICIBANK has deposit and advances market share of 6.9% and 7.1% in FY25.
- ❖ Retail loan now constitute 77% vs 36% in FY12. From FY15-25 incremental lending to retail was 94% for ICICIBANK vs 58% for HDFCBANK. Corporate is now 19% vs 59% in FY12. It transformed from corporate to retail lending. This possess less risk of bulky slippages.
- ❖ Cost of Fund has improved over the years and currently is one of the lowest in the industry.
- ❖ Stressed assets peaked in FY18. GNPA declined from 8.8% in FY18 to 1.40% in FY26. Provisions as a % of PPP is at around 7% from FY24-FY26 fell from the average of 49% (FY16-FY23).
- ❖ Management maintained their guidance for credit costs to remain below 50 basis points.

Notes:

Anshul Asawa joins as CEO of the company from 15 March 2025. He will replace Ignatius Noronha. Anshul is IIT Lucknow Alumnus. He had been with Unilever for last 30 yrs. This change is expected to add new growth drivers for the company going forwards.

Piramal Finance entered the financial services business in 2011 with the establishment of PHL Fininvest Pvt. Ltd.(an NBFC). It offers a diversified lending products including home loans, LAP, business loans, MFI, used car loans, CMML, real estate etc. It has network of 701 Branches across 26 states.

- ❖ Retail and Wholesale mix has improved from 33:67 in FY22 to 85:15 in FY26 as management has reduced its Wholesale 1.0 book(includes older real estate developer loans and Promoter Holding Company) from Rs 43,175 cr to Rs 2807 cr and is expected to irrelevant by the latter half of FY27. Management has indicated to completely exit from Wholesale 1.0 book.
- ❖ The full-scale rollout of gold loans and co-branded credit cards in FY26 is a strategic shift to reduce dependence on mortgage-led growth, drive higher-yield and fee-based income, improve NIMs and RoA, and build a more diversified, granular, and stable retail lending.
- ❖ Retail segment is growing at ~35%, with a target to reach an Rs 1.5lk cr total AUM by FY28, while the portfolio mix is expected to remain retail-heavy at 80-85%, with 15-20% in Wholesale 2.0 exposures (CMML and real estate in a 1:3 split).Plan to increase unsecured mix by 4-5%.
- ❖ The recent AA+ rating upgrade is expected to reduce the cost of borrowing by 50-80 bps as the existing borrowing stack is replaced.
- ❖ Asset quality has improved consistently, with GNPA declining from 3.4% in FY22 to 2.3% in 4QFY26.
- ❖ The target is to deliver an RoAUM of roughly 2.5% by the Q4FY27(exit quarter), up from 2.1% in Q4FY26. The long-term goal is to reach 3% ROA by FY28 and a leverage ratio (AUM/Equity) of 4.5x. The company expects to transition from single-digit ROE to double digits during FY27. The target for the end of FY28 is 13.5% to 14% ROE.

Notes:

As of late 2025, PEL successfully completed a reverse merger into its subsidiary, Piramal Finance Limited.

While interested in acquisitions (particularly in microfinance, MSME, or gold loans), management is only looking for "value-based" deals and stated that nothing is imminent.

Co. received \$148 million from the sale of Piramal Imaging and concluded the stake sale of Shriram Life Insurance for ₹600 crores.- Utilized this for clean up of legacy wholesale book and create provision for future.

PVR INOX Ltd. is a leading media and entertainment company in India with a strong market position. PVRINOX is the largest multiplex chain in India with 1798 screens in 359 cinemas in 111 cities in India and Sri Lanka. In addition to box office collections, it generates revenue from food & beverages, advertising, and other ancillary sources, providing a diversified income stream.

- ❖ India's cinema industry is showing signs of recovery post-pandemic, the growth of cinema screens remains uneven across different regions. India has a total of approx. 10,000 cinema screens as of early 2026 with PVRINOX holding around 18% market share.
- ❖ Company has non-core assets (real estate space), which would be liquidated to reduce debt, focus is to reduce debt by 50% in next 12-15 months. The sale of asset could give anything between Rs 300-400 crs.
- ❖ The company has started to open screens under capex light model through FOCO model and Asset light model that is capex sharing contracts with landlords to increase RoCE. The objective is to bring down the overall capex by ~35-50%.
- ❖ Company intend to open 100-120 screen in FY27 with focus on expanding in south, around 40-45% of new screen additions is expected to be in South India. Till date 132 screens are signed under the capital light model with 88 under asset light and 44 under FOCO model.
- ❖ Management is focusing on shut down of non performing screens, closed 85 underperforming screens in FY24, 72 screens in FY25 and during 1HFY26 it has already closed 15 screens.

	FY25	FY26	FY27E	FY28E

EV/SCREEN(X)	5.8	5.1	4.8	4.1

Notes:

Signed 132 screens under asset light model

Gross Debt stood at Rs 1298 Crs as on 2HFY26, Delay in reducing debt could be a risk .

Zyduswell is a consumer company with market leader in sugar substitutes category with Sugarfree brand (market share 95.3% in FY25), Prickly heat powder with Nycil brand(34.2%) and Glucon D with market share of 59.2%.

- ❖ Zyduswell expects to do strong revenue growth going ahead led by its core portfolio mainly Everyuth brand. The company has improved market share in Everyuth Facial cleansing from 6.2% in FY23 to 8.0% in FY26 while Everyuth scrub market share improved from 41.8% in FY23 to 48.6% in FY26 and it expects for further improvement going ahead led by launch of new product and distribution expansion. Secondly, Company has acquired Naturell (India) Private Limited (Ritebite) (FY24 Revenue: Rs 119 cr) in Nov-24 and Comfortclick Limited (Revenue:~ Rs 1,575 cr in year ended June-25) in Aug-25 whose full revenue is expected to come in FY26 and FY27E.
- ❖ The company is consciously improving its reach to boost penetration of its products. The company added 500 additional feet-on-street representatives in FY24. On direct reach front company improved its reach from 2 lakh outlets in FY19 to 6 lakh outlets in FY24. The management plans to improve its direct reach to 7 lakh outlets by FY26.
- ❖ Company gets ~3% of revenue from international business but now management is targeting to ramp up its international business (excluding Comfortclick Ltd. Revenue) to 8-10% of revenue in next 4-5 years on the back of new geography addition and new product launches.

	FY25	FY26	FY27E	FY28E
Net Sales	2709	3961	5535	6352
EBITDA	380	510	815	985
PAT	347	197	325	470
ROE (%)	6%	3%	5%	7%
EV/S (X)	4.0	4.2	3.8	3.3
P/E (X)	30.7	68.7	56.2	38.9
EV/EBITDA (X)	28.2	32.6	25.9	21.0

Notes:

Company expects gradual improvement in margin led by improvement in gross margin by ~200 bps and rest from operating leverage. As per guidance, management is optimistic to achieve EBITDA margin of 17-18% in next couple of years.

Larsen & Toubro (LT) Ltd is India-based technology, engineering, construction and manufacturing company. The company operates in 5 segments includes Hydrocarbon , IT & Technology Services, Financial Services, Developmental Projects and Others which comprising of Realty, Shipbuilding, Ready Mix Concrete, Mining and Aviation.

- ❖ With India set to invest nearly ₹ 143 lakh crore in infrastructure by 2030, the company's Infrastructure division is well placed for strong growth — driven especially by urban transit, renewable energy and port-development projects.
- ❖ Company is bullish on Middle East opportunities, anticipating LT will see 10–15% ordering growth each year from that region for the coming 5 years.
- ❖ Company has diversified beyond traditional hydrocarbon projects — now working on onshore and offshore oil & gas, gas infrastructure, renewables, and power transmission..
- ❖ India's plan to add around 68 MMTPA refining capacity, substantial EPC demand is expected. At the same time, the push to increase natural-gas penetration to 15% by 2030 is likely to create large-scale demand for pipelines, LNG terminals and other gas-based projects.
- ❖ For the next phase under Lakshya 2031, LT has identified several growth initiatives — including expansion of data-center capacity, manufacturing electrolysers, entering fabless semiconductor design and industrial electronics, and launching a real-estate business (with plans to list the real-estate arm within a year). Over the next 5 years, LT expects to invest around ₹1 trillion across these areas.
- ❖ Revenue growth along with order inflow will be around 10-12% in FY27.
